BRAWITH BOY'S BROWDALE 2079147

Herd Sire: For Reference Only

TATTOO NUMBER C-74

Roan, calved October 24, 1941. Bred and owned by Otis A. Carter & Son, Eldorado, Ill.

THIS son of the great **BRAWITH BOY** of **SUNSET** from a **ROSEWOOD DOUGLAS**-bred cow by **BRAWITH BOY** is now proving to be equally as good a breeder as his sire, if not better.

He was in the 1942 undefeated get of sire, and his calves today on the farm prove his great breeding ability!

I believe I can say without boasting that the **SUNSET FARMS** today have three of the greatest breeding bulls in America.

The calves are here for your inspection to prove this unusually broad statement. A big percentage of the bred females in this sale carry his service. Included also are some of his own get that you will have an opportunity to own!

BRAWITH BOY of Sunset is one of the most talked-of bulls in America today. His grandsire was twice Scottish Highland Grand Champion — the only bull with such a record ever brought to the United States. His grandsire, on his mother's side, was International Grand Champion. His sire was first in his class at the International.

Brawith Boy of Sunset and his get have now won over 300 awards in the past six years. Although only seven years old, he already has had over 150 calves and more yet to come.

Brawith Boy of Sunset get of sire was undefeated in all leading shows wherever shown.

Grouped around him here are a few of his sons and daughters, an accurate cross-section of the kind of breed improvers he sires. And look at his get in this sale! They are the most satisfactory calves in the country and I firmly believe they will make history for their new owners.

HERE is another great herd bull from Sunset Farms. He's by Collynie Royal Barrage, the greatest breeding bull in Canada today. In Jimmy Russell's sale of October, 1942, all five of the Collynie Royal Barrage sons averaged \$2,160 and three heifers by him averaged \$1,516.67. Another

son, the \$8,500 Klaymor Footprint, sired 20 calves last year. They averaged a little better than \$1,900.

Yet another son, Klaymor Fingerprint, retained by Russell, is considered today to be the best breeding bull ever to be in service in Canada. These two great bulls are half brothers to Braedoon Aristocrat! No wonder that he is siring such good calves.

Invitation

Otis A. Carter

WE extend a cordial invitation and a hearty welcome to every lover of top-ranking Shorthorns, to be our guest at CARTER'S on Saturday, March 10, 1945.

While this is our first sale at the farm of Otis A. Carter & Son, consisting of all our own cattle, the confidence of the buying public in all previous consignment sales has made us more determined to present in this offering the best lot of cattle that has ever been assembled for auction.

We are confident that this offering is our BEST . . . both in bulls and females.

While our ten head of bulls are all extremely young, yet they are as good as the older bulls we have offered in any of the Congress sales.

The worth of these three great sires of CHAMPIONS will be apparent in this offering.

There can be no doubt that the cattle in this sale will make a lasting contribution to Shorthorn advancement. They represent a culmination of our best efforts to that end, over a span of 12 years. We present them with confidence that their buyers will be our friends and boosters for SUNSET FARMS in years to come!

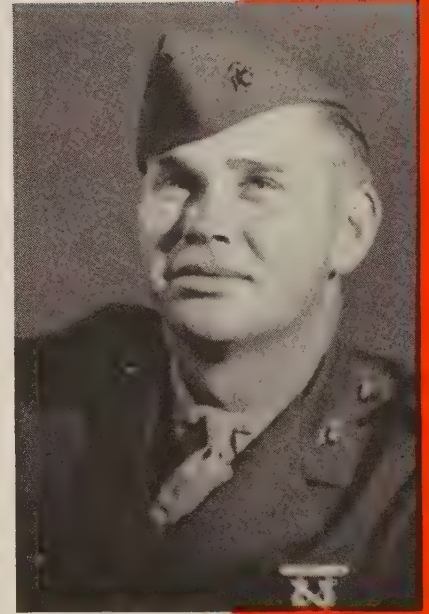

Otis A. Carter

It Started Like This . . .

A LITTLE over 30 years ago I started in the chicken business with a rooster and six hens. Even then, I was convinced that quality stock would pay out best in the long run, so those chickens were just about as good as I could find. From that beginning has grown a hatchery business of sizable proportions, based as always, on the best stock it was possible to produce or buy.

When my son, Stanley, was old enough to take an interest in the firm's progress, he became more interested in cattle than in chickens. So it was that Stan and I decided to breed Shorthorns. We chose Shorthorns because we believed the Reds, Whites and Roans had more to offer the practical farmer than any other breed. And, of course, we started with absolute tops in breeding stock, steadily improving until today the Sunset herd, we believe, can be as a leading one in the breed.

Many of you will remember Stan when he was on the show circuit with our cattle. He is now Sergeant Stanley G. Carter, serving with the Marines in the South Pacific. He was married November 9, 1942, to Jewel Baker of Eldorado.

Sgt. Stanley G. Carter

Mr. Carter's daughter, Peggy, is shown holding Brawith Boy of Sunset. Shorthorns are noted the world over for their even temperament and gentleness.

A Sale Offering That Will Make Friends for Otis A. Carter & Son

A BRIEF STUDY of the illustrations in this catalog will convince anyone that Otis A. Carter & Son have provided cattle for this sale that are modern in type, unusual in thickness and shortness of leg, and ideal in color. A further study of the pedigrees will reveal that the character and quality of these cattle are inherent and that they may be expected to reproduce unfailingly.

Most of you who will receive this catalog are well acquainted with Otis Carter, and it is not necessary to tell you that he is one of the most capable and successful cattlemen in the country. His herd has reached prominence through the mating of top females with the two great sires, Brawith Boy of Sunset and Braedoon Aristocrat . . . a carefully planned program that has resulted in top prize-winning calves.

This is the first sale wherein Otis Carter & Son have provided all of the cattle and the quality of the offering is a testimonial to the careful planning of the owners. It is not the kind of offering that a breeder could assemble quickly or haphazardly. Each animal has been selected for his or her ability to work improvement. Each will be a top in the herd of the new owner.

If I were establishing a herd for myself I would include some of the animals in this sale, because I like the type of cattle produced here and I have great faith in the ability and integrity of the owners.

Hal Longley of "The Shorthorn World."

BROWNDALE'S KNIGHT is another well-bred calf, and from one of the best daughters of **BRAWITH BOY OF SUNSET**! His dam is a daughter of the greatest breeding cow on this farm. I have sold three of her calves: first, a heifer to Mr. George of Texas for \$1000.00; second, a bull, **SUNSET GOLDEN RING**, in the Congress sale for \$965.00, and third, a bull, **SUNSET GOLD**, also in the Congress sale, to Mr. Hesy A. Beckstead of Idaho, for \$1500.00 (see letter). Now, **PLEASE** don't overlook this June calf!

Preston, Idaho
December 27, 1944.

Mr. Otis A. Carter & Son,
Eldorado, Illinois.

Dear Sirs:

A year has passed since SUNSET GOLD arrived on my farm, and I am taking this opportunity to express my appreciation to you for breeding this great bull.

SUNSET GOLD has done well for me . . . he is liked by all who see him . . . he has spent all summer in a pasture and has been used heavily, yet he has made good growth and looks fine. I have three red bull calves sired by him to date, from six weeks old down to five days old. These calves are as near alike as three peas in a pod! I have never looked at better calves!

A man and his son, who live some hundred miles away, bought their fourth consecutive bull from me last week . . . the gentlemen say it looks as if they will want their next herd bull from here, also.

I expect about ten calves in January, sired by SUNSET GOLD.

I would like a catalog of your March sale, when it is ready.

With kindest personal regards, I am

Respectfully,

Hesy A. Beckstead.

BRAWITH BOY'S SCOTTIE 2d (twin) is a dark, even roan that everybody admires! Hal Longley says he is one of the coming young calves. Look at his top- and bottomlines, good head, short neck, short legs, perfect tail setting and especially that rump and twist! His dam is dark red, has had three dark-red and two dark-even-roan bulls. The latter two sold for \$500.00 each, one to Mr. Edward Reid of Oregon and the other to Otto K. Francis of Illinois. (Note the letter from Mr. Reid)

Says Full Brother To Lot 6 "Best in the West"

NOTE: Some time back, do you recall reading an article in "The Shorthorn World," entitled, "Borrowed a Book and Bought a Bull"? That article was written by Mr. Edw. Reid from Mulino, Oregon, and the bull he referred to was the calf described above, and purchased from the SUNSET FARMS. And by the way, the bull described above is a full brother to Brawith Boy's Scottie 2d listed (lot 6).

Mulino, Oregon

Mr. Otis A. Carter,
Eldorado, Illinois

Dear Mr. Carter:

The bull calf, BRAWITH BOY'S SCOTTIE, arrived in perfect condition . . . I might say he is a far better calf than I anticipated getting by mail . . . even though he cost me about \$670.00 by the time he arrived, he is a far better calf than the price paid, in fact, I firmly believe he is the best calf in the West today.

You certainly should be complimented on the recommendation of this bull by mail, in not describing him too highly, and then on his arrival, having the party disappointed.

I like to deal with a man like you, and if you do business with other people the same as you have with me, you will have no dissatisfied customers.

Cordially yours,

Edw. Reid

The last two sold for \$455.00 and \$400.00, respectively. Back of this youngster are some mighty fine breeding bulls! BRAEDOON'S SUNRISE, while he is quite young, is a whale of a calf! Dark red, good rump and twist, short legged, short coupled. His dam is a dark-red cow, sired by CRUGGLETON BUGLER, at one time considered the best imported breeding bull in Canada. His dam, BROWDALE MYRTLE 5th, has had four dark-red and two dark-even-roan bulls that are now making good in all the herds to which they've gone.

BRAEDOON'S IDEAL is one of the youngest dark-red calves in the sale, but don't let that interfere! When you check his pedigree you will find one of the best-bred calves in the sale! He is sired by **BRAEDOON ARISTOCRAT** and out of a daughter of **BRAWITH BOY of SUNSET**! Let's let Oscar Jessup of Allison Acres tell you in his letters about this mating, and you will be convinced it is one of the **BEST**!

Outstanding Performance In a Leading Herd

Note: These letters were received from Oscar Jessup of the Allison Acres between the time that this bull was born and his first calves came. I also talked to Oscar at the Congress Show in Chicago and he just simply couldn't talk enough about his Junior Sire.

FIRST LETTER . . .

Indianapolis, Indiana

Mr. Otis A. Carter
Eldorado, Illinois

Dear Mr. Carter:

You, no doubt, will be interested to know that SUNSET CONSTANCE 5th, by BRAWITH BOY of SUNSET, has one of the finest dark-red bull calves ever to come to the Allison Acres. You will recall that this calf is by BRAEDOON ARISTOCRAT . . . if this cross continues to be as good at your place as it has shown us here, you certainly have a wonderful breeder in the ARISTOCRAT bull. He is by far the best calf that I have seen in a long time, and I will keep you informed as to how he comes along.

Cordially yours,
Oscar Jessup

SECOND LETTER . . .

Dear Mr. Carter:

I told you in my former letter that I would keep you informed about the BRAEDOON and CONSTANCE cross red bull calf. He is now better than a year old. He has settled four cows already, and he is looking better every day.

A number of people have seen him, including some of the best breeders in the States, and they all claim him to be an outstanding dark-red bull. I can hardly wait until his first calves come . . . and when they do, I will certainly tell you about them.

Cordially yours,
Oscar Jessup

THIRD LETTER . . .

Dear Mr. Carter:

We have now four of the finest dark-red calves from the bull of the ARISTOCRAT-CONSTANCE cross that has ever been produced here at our farms, and are we ever delighted! Believe me, if this bull continues to "click" as he has started, we have a bull that anyone would be proud to own. Congratulations on such a wonderful setup at your farm, and if other bulls are doing as good a job as this one of ours you certainly are doing other breeders a lot of good.

Cordially yours,
Oscar Jessup

BRAEDOON'S FAVORITE 2D is one of the youngest calves in this sale, but his age is more than offset by his breeding. You can buy this calf in full confidence that he will be a great breeding bull! His full brother sold in the Illinois sale at Urbana in October for \$460.00 to Dr. Glenn D. Batten, Jackson, Tennessee. This bull, I think, is equally as good!

COME TO CARTER'S FOR CORRECT CONFORMATION

These calves comprised Sunset Farms' undefeated get of sire group in 1942. Their brothers and sisters sell in this sale, of the same prize-winning caliber. It takes careful breeding from the breed's best to produce calves like these. They are the outcome of painstaking planning — the mating of choice bulls of the most pre-potent blood to high quality females. The calves you buy in this sale, I feel sure, will make outstanding records for you, because they come from sires and dams that have made outstanding records, as well as sound profits, for me.

"Thickest Calves Of the Breed"

Wellington, Kansas

November 8, 1944

Mr. Otis A. Carter,
Eldorado, Illinois

Dear Mr. Carter:

I have been wanting to write you a line for some time, but never got around to do it until now.

BRAWITH BOY'S NUGGET is developing in great shape! We only have four calves by him so far: three heifers and one bull, six months old now . . . their colors are very good, and they are real "nuggets," short-legged, thick calves. If the four calves are a sample of what we can expect, BRAWITH BOY'S NUGGET, like his famous dad, will sire "the thickest calves of the breed."

Our three best cows are due to calve in January . . . two of the cows are by PROUD MARKSMAN, and one by one of the best sons of PROUD MARKSMAN.

Hoping to meet you at some of the future sales, and with best wishes, I am

Yours truly,

Rae Reusser

She just simply is a picture, and by **BRAWITH BOY** of **SUNSET**, too, which makes her still better! I don't believe an artist could paint a picture that is any better than this March heifer, do you? Now, if you want to go out in strong competition in the big shows, **BUY THIS ONE!**

ORANGE MAID OF SUNSET 6TH is one of the sweetest little show heifers you ever saw! And, this Orange Maid family has been a Godsend to this farm. I sold four calves last year from this family for over \$1600.00 and these all came from the females of one cow, with an investment of less than \$500.00. Where can you beat that as an investment?

HILDA OF SUNSET is something everybody has been talking about. Glenn Fronk always said when he was with me that this is the lowest-down heifer he ever saw. Look at her pedigree. Did you know that she is out of the same dam as **BRAWITH BOY** of **SUNSET** and by a son of **BRAWITH BOY** of **SUNSET**? No wonder she is low down and thick — she couldn't be any other way. She has all of the qualifications of a real breeding cow.

VIOLET MIST 58TH is one of the best heifers I ever bought. After the photographer had gone and Hal Longley came down to look over my sale herd, we decided to put in this heifer as an attraction. I made her Grand Champion at the Missouri state sale and backed up my judgment by buying her. She should never leave my farm, but we picked the best for this occasion. Her new owner will get one of the sweetest heifers he ever owned.

SUNSET GLOSTER QUEEN 3D is a sweet red heifer by **BRAEDOON ARISTOCRAT** whose half brothers sold in Jim Russell's sale two years ago at an average of \$2,160.00. His half brother, **Klaymor Footprint**, is making a record at the Marellbar Farms. This heifer is unusually deep and is as smooth as an apple. Look at her short, compact body. Now look at the pedigree and the four top bulls. Then buy her.

SUNSET HILDA is a beautifully bred young cow. Her first calf was a dark-red heifer, as good a calf as I had on the farm, but unfortunately I lost her. Sunset Hilda was bred again January 4, 1945, to BRAWITH BOY'S BROWNDAL, and her calf should be as good as her other calf. What is most interesting about this young cow is that she is a daughter of the same cow that our herd bull, BRAWITH BOY of SUNSET, is from. This is one of the best-bred young cows in the sale.

SUNSET BEAUTY is a very profitable cow, from a very good family. She has had six good calves — four females and two bulls — and she is the dam of **BRAWITH BOY'S ARCHER** that Mr. Harding purchased for \$800.00, so I guess I am foolish to sell a cow of this kind, but by keeping her older daughters in the herd, I figured I could afford to do it. Bred August 9, 1944, to **BRAEDOON ARISTOCRAT**.

Shorthorns—and Quality Chickens, Too . . .

I HAVE always prided myself on being a practical all-around farmer. I was born and reared on a farm and have been connected with farming one way or another almost all my life.

I have always believed in good livestock of all kinds. My belief that "quality pays" has been borne out over more than 30 years in the poultry and hatchery business. Now that conviction is proving itself again in the Sunset herd of Shorthorns.

At Carter's Chickery I sell several million chicks annually under the name, "Champions." And I've tried mighty hard over the years to make those chicks truly the "Champion" kind. The fact that so many repeat customers buy those several million chicks every year seems to indicate that I am making progress in my efforts.

First of all, I see that my breeding flocks of 60,000 highest quality birds are kept at the peak of laying productiveness. They are constantly blood-tested to insure health. Also, my hatchery is one of the few anywhere that is completely air conditioned and ozonated,

thus assuring huskier, faster-growing chicks. Furthermore, the hatching eggs are removed from the incubators on the 18th day and hatched in separate, disinfected machines to make sure the bred-in qualities of Carter's Champions are safeguarded in every possible way.

At the present time my varieties include White and Brown Leghorns, Barred, White and Buff Rocks, Rhode Island Reds, White Wyandottes and Black Australorps.

The picture below shows Champion Chicks being removed from the separate hatching machines and carefully sorted for uniformity and vigor. On the facing page is reproduced a painting of a typical pair of Carter's White Leghorns. This picture was painted especially for me by a noted poultry judge and artist.

Paper is a critical war material. We are limited in the number of catalogs, so please bring your copy with you to the sale.
